SUMMARY

I am a dedicated Mobile Developer with a focus on Flutter Hybrid Mobile App development, accumulating 3 years of experience. My expertise lies in crafting efficient and user-friendly mobile applications. If you're seeking a developer who combines technical skills with a commitment to quality and effective communication, I could be the perfect addition to your team.

EDUCATION

Bachelor's degree in computers and information 2012 – 2016 | Cairo, Egypt
Helwan University

EXPERIENCE

Flutter Developer 2019 – present | Hurghada, Egypt
Innovix Solutions

- Demonstrated expertise in Flutter and Dart to build cross-platform mobile applications for both iOS and Android platforms.
- Ensured app performance and responsiveness by utilizing Flutter's hot reload feature for quick iterations and bug fixing.
- Integrated RESTful APIs, managed data persistence, and incorporated third-party libraries to enhance app functionalities.
- Actively participated in Flutter communities, staying updated with the latest tools, libraries, and best practices.
- Successfully developed and deployed multiple Flutter applications, including e-commerce platforms, social networking apps, and productivity tools.
